The Dunham Thespians has suffered a double blow recently - not only have we lost our Chairman and valuable acting member Clive Alford, we've also lost the tireless and artistic efforts of Jenny Alford, too. However, we all, of course, wish them both well in their new life on the Isle of Man. We hope to see them in our audience from time to time.

On a lighter note, we'd like to welcome our two new younger members, Laura Kinsella and Daniel Hodgson, who have helped backstage with this production but in the future we hope that they, too, will be 'treading the boards'.

The cast and backstage crew give their time and effort freely to put each play together, but more help is always needed. If you would like to join our crew, either on stage or backstage, please telephone Esme on 0161 928 1322 or Madeleine on 01606 737841 or contact any of the members of the Society after this performance.
